

**2025-2026
ANNUAL REPORT**

ONE MISSION. ONE VOICE. ONE FAMILY.

DEAR FRIENDS,

This year marked an exciting new chapter for the Family Crisis Center.

Over the past year, we brought our programs together under one unified identity, not because our mission changed, but because our commitment to children, survivors, and families has always been stronger when we work as one. While our look and our name evolved, the heart of our organization remained the same: providing safety, healing, advocacy, and hope to those who need it most.

It is because of your generosity and partnership, hundreds of children and families found support during some of the most difficult moments of their lives. Together, we provided emergency shelter, guided survivors through the legal system, helped children begin the healing process, and continued building a community where no one has to face violence alone.

This report celebrates more than numbers. It tells the story of resilience, compassion, and the incredible impact that is possible when a community comes together with one shared purpose.

Thank you for believing in our mission and for standing beside us as we continue to grow, serve, and strengthen our community.

With gratitude,

NIKKI MCADOO

Executive Director

BUILDING SAFETY, HOPE & HEALING

Since 1978, The Family Crisis Center has been a place of safety, compassion, and hope for children, women, and men affected by domestic violence, sexual assault, child abuse, human trafficking, and elder abuse. We know that healing begins when people feel seen, supported, and safe. Through emergency shelter, crisis intervention, victim advocacy, and community education, we walk alongside survivors as they rebuild their lives, regain their confidence, and look toward a brighter future. Every day, we remain committed to preventing violence, strengthening our community, and helping break the cycle of abuse for generations to come.

We envision a community where every child and adult has a safe place to call home, the support they need to heal, and the opportunity to build a life free from violence and fear.

Through education, advocacy, and compassionate care, we are helping create a future where abuse is no longer accepted, survivors are empowered to thrive, and families can move forward with hope and resilience.

Together with our neighbors, community partners, dedicated volunteers, and supporters, we are building a stronger, safer community where healing is possible, hope is restored, and every person is treated with dignity, compassion, and respect.

WHAT WE DO

PROTECT

When someone is facing abuse, safety comes first. We provide immediate, compassionate support to help individuals and families find security and begin healing.

- **Emergency Shelter & Crisis Response** – Safe, confidential shelter, a 24/7 crisis helpline, emergency advocacy, safety planning, and assistance with protective orders.
- **Child Advocacy (Emmy's House)** – A child-friendly environment where children impacted by abuse can access forensic interviews, medical exams, victim advocacy, family support, referrals to counseling and community resources, and coordinated intervention services designed to reduce trauma and promote healing.

SUPPORT

Healing looks different for everyone. Our services are designed to meet survivors where they are and provide the tools, resources, and encouragement they need to move forward.

- **Advocacy & Support Services** – Guidance through legal and social service systems, including protective orders, safety planning, case management, and court accompaniment.
- **Counseling & Trauma Recovery** – Trauma-informed counseling, crisis intervention, therapy, and support groups that promote healing and resilience.
- **Economic Empowerment & Housing Assistance** – Financial assistance, employment support, transportation, housing resources, and other services that help survivors rebuild their lives and achieve lasting independence.

EDUCATE

Creating safer communities starts with awareness. We work to prevent violence by educating individuals, strengthening partnerships, and empowering our community to take action.

- **Community Education & Prevention** – Training, workshops, outreach, and awareness initiatives that help individuals and organizations recognize, respond to, and prevent abuse.
- **Collaborative Partnerships** – Working alongside law enforcement, healthcare providers, schools, businesses, nonprofits, and community leaders to strengthen prevention efforts and expand support for survivors.

STORIES OF HOPE & HEALING

EMERGENCY SHELTER

A New Beginning

A parent and their children came to our emergency shelter after leaving an abusive relationship and seeking a safer future. With support from staff, they created a safety plan, secured employment, arranged childcare, and built a foundation for independence.

Through continued support and community resources, the family transitioned into permanent housing and began a new chapter filled with stability, safety, and hope.

ADVOCACY & SUPPORT

Safety Beyond the Courtroom

A survivor reached out to the Family Crisis Center seeking safety after experiencing domestic violence. With support from an advocate, they obtained a protective order, created a personalized safety plan, and connected with counseling resources for themselves and their children.

When additional safety concerns arose, advocacy continued to ensure the family had ongoing support. Months later, the survivor shared that their family was safe, their children were thriving, and they were beginning to heal.

EMMY'S HOUSE CHILDREN'S ADVOCACY CENTER

A Child Finds Their Voice

A child was referred to the Children's Advocacy Center after concerns of abuse arose. Our team worked with the family to ensure the child could receive support in a way that reduced additional stress and barriers.

Through a child-centered forensic interview, the child found the safety and trust needed to share their experience. Before leaving, the child shared that they knew they had someone they could trust if they ever needed help again.

COMPREHENSIVE SURVIVOR SUPPORT

Walking Beside Survivors

A survivor entered services facing safety concerns, housing instability, financial hardship, and the challenge of navigating the legal system while protecting themselves and their child.

With advocacy, safety planning, emergency shelter, assistance obtaining a 50B protective order, case management, and support from multiple Family Crisis Center programs, they overcame barriers, accessed critical resources, and took meaningful steps toward a safer, more stable future.

SEE THE IMPACT OF OUR WORK

**11,000+ PEOPLE SERVED
THROUGH DIRECT SERVICES,
OUTREACH AND PREVENTION**

EMERGENCY SHELTER

137

Adults and children received safe shelter.

3324

Calls for help were answered around the clock, connecting survivors with safety, support, and hope when they needed it most.

3307

Bed nights of refuge to families fleeing violence and fear were provided.

700+

Food boxes, hygiene bags, household items, and clothing assistance were provided through our Staying Connected Program, supporting survivors as they rebuild stability.

894

People of all ages, races, and backgrounds, including children, adults, and families, turned to us for safety, support, and a path toward healing.

629

Survivors received personalized safety plans designed to reduce risk, increase protection, and provide a clear path toward safety and stability.

ADVOCACY & SUPPORT PROGRAMS

105

Support groups provided, creating safe space for healing and connection.

312

Children found a safe place to share their stories and receive the support, care, and services they needed.

308

Trauma-informed therapy sessions gave children space to heal, tools to grow, and the strength to break the cycle for good.

452

Hours invested in forensic interviews, providing children with a safe, trauma-informed space to share their stories and receive the support they need.

FUNDING OUR MISSION

July 1, 2025–June 30, 2026
As of 7/30/26

FUNDING SOURCES 25-26 FY

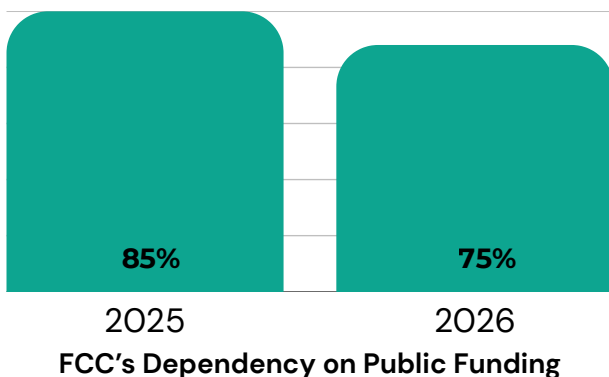

INVESTING IN A SUSTAINABLE FUTURE

The Family Crisis Center is committed to meeting the evolving needs of survivors across Randolph County. As demand for services continues to grow, so must the resources that sustain our work. Ensuring long-term success requires a funding model that is strong, diverse, and adaptable.

Public funding, including government grants, has been instrumental in supporting victim services for decades. As the funding landscape continues to change, community investment plays an increasingly important role in helping us strengthen programs, expand outreach, and respond to the needs of survivors.

Support from individuals, businesses, churches, civic organizations, foundations, and community partners provides the flexibility to invest where it matters most. By continuing to grow our community partnerships and diversify our funding sources, we can ensure the Family Crisis Center remains a trusted resource for safety, advocacy, healing, and hope for years to come.

THE POWER OF COMMUNITY SUPPORT

The generosity of our community has never been more important. Thanks to the support of our donors and partners, we reduced our reliance on public funding by 10% this year. We are grateful to everyone who has stood with the Family Crisis Center. Together, we can continue strengthening victim services in Randolph County.
